

IMPORTANT SAFETY INSTRUCTIONS

For your own safety please read this safety and safety instructions carefully before attempting to connect this unit to the mains power supply. They will also allow you to get the best performance from and prolong the life of the unit.

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with a dry, soft cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding plug has two blades and a third grounding prong. The wide blade or the third prong are provided for your safety. If the provided plug will not fit into your outlet, consult an electrician for replacement of the obsolete outlet.
- Protect the power cord from being walked on or pinched, particularly at plugs, connection receptacles and the point where they exit from the apparatus.
- Use only accessories (replacement speakers) specified by the manufacturer.
- Use only the type of car, stand, stand, bracket, or table specified by the manufacturer, or advise with the apparatus. When a car is used, use caution when moving the car/appliance combination to avoid injury from tip-over.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service technicians. Servicing is required when the apparatus has been damaged in any way, such as the power supply cord or plug having been damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

WARNING:

- Do not place the unit in an enclosed space: if you wish to place the unit on a shelf, use the top shelf to allow maximum ventilation. Do not put any objects on top of this unit. Do not situate it on a rug or other soft surface and do not obstruct any of its ends or outlet grilles. Do not place any objects, such as newspapers, liquids, curtains, etc., on top.
- To reduce the risk of fire or electric shock, do not expose this apparatus to rain or moisture. This unit must not be used near water or exposed to a spray or splashing water or other fluids. No objects filled with liquids such as vases, shall be placed on the unit.
- Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type.
- The battery (battery pack or batteries installed) shall not be exposed to excessive heat such as sunlight, fire or the like.
- The unit must be installed in a well-ventilated space. Do not place any objects that obstruct the ventilation grilles from the rear of the unit. Otherwise, the main plug is used as the disconnection device, the disconnection device that remain unobstructed.
- Do not touch the information on the exterior rear panel for electrical and safety information before installing or operating the unit.
- Only use the mains cord supplied with this unit.

Use of the apparatus in tropical climates. The equipment shall be used at a maximum 45 degree C ambient temperature. This unit is of Class I construction and must be connected to a mains socket outlet with a protective earthing connection.

The lightning flash with the arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

The lightning bolt in a circle symbol within a diamond is intended to alert the user to the presence of important operating and maintenance instructions in the service literature included in this apparatus.

WEEE SYMBOL

The crossed-out wheeled bin is the European Union symbol for indicating separate collection for electrical and electronic equipment (WEEE). This symbol indicates that the product is not to be disposed of as unsorted regular waste. Please return the unit to your contact's authorised dealer from whom you purchased this product for more information.

CE MARK

This product complies with European Low Voltage (2014/35/EU), Electromagnetic Compatibility (2014/53/EU) and Environmental/energy-Related Design of Energy-Related Products (2009/125/EC) Directives when used with installed accessories as indicated in this instruction manual. Cambridge Audio accessories should be used with this product and servicing must be referred to qualified service personnel.

UK ICAK MARK

This product complies with UK Regulation Electrical Equipment (Safety) Regulations 2016, the Electromagnetic Compatibility Regulations 2016 and the Eco-design for Energy-Related Products Regulation 2020 when used with installed accessories as indicated in this instruction manual. For continued compliance with UK Regulations only Cambridge Audio accessories should be used with this product and servicing must be referred to qualified service personnel.

RCM (REGULATORY COMPLIANCE MARK)

This product meets the Safety, EMC and Radio Communications requirements of the ERAC and ACMA.

VENTILATION

IMPORTANT - This unit will become hot when in use. Do not stack multiple units on top of each other. Do not place in an enclosed area such as a bookcase or in a cabinet without sufficient ventilation.

Place the small objects do not fall through any ventilation grille. If this happens, switch off immediately, disconnect from the mains supply and contact your dealer for advice.

Please ensure there is ample ventilation with clear 20cm clearance on the top, side and rear. Do not put any objects on top of this unit. Do not obstruct any of its ends or outlet grilles. Do not place any objects, such as newspapers, liquids, curtains, etc., on top.

POSITIONING

Choose the installation location carefully. Avoid placing it in a direct sunlight or close to a stove, fire, no leaded flame sources, such as lighted candles, should be placed on the unit. Also avoid locations subject to vibration and excessive dust and humidity. The unit can be used in a moderate climate.

This unit must be installed on a sturdy, level surface. Do not place in a sealed area such as a bookcase or in a cabinet. Do not place the unit on an unstable surface or on a surface that is subject to vibration or other forces. Do not use the unit as a support for other equipment. Do not place any objects, such as books, on top of this unit.

Do not touch the magnetically sensitive area of the control panel, or any other parts of the unit, to avoid possible interference. Electronic audio components have a running period of around a week (or use several hours per day). This will allow the unit components to settle down and the sonic properties will improve over time.

POWER SOURCES

This unit should be operated only on the type of power source indicated on the marking label. If you are not sure of the type of power supply to your home, consult your product dealer or local power company.

This unit can be left in standby mode and will draw $0.25W$ in this state. If you do not intend to use this unit for a long period of time, unplug it from the mains socket.

OVERLOADING

Do not overload wall outlets or extension cords as this can result in a risk of fire or electric shock. Overloaded AC outlets, extension cords, frayed power cords, damaged or covered wire insulation, or power cords without proper strain relief may result in a shock or fire hazard.

Do not plug a power cord into a power outlet with a different voltage or frequency than that specified on the power cord. Do not touch the power cord or speaker leads.

CLEANING

To clean the unit, wipe it with a dry, lint-free cloth. Do not use any cleaning fluids containing alcohol, ammonia or acetone. Do not spray an aerosol at or near the unit.

BATTERY DISPOSAL

Remove any contact substances harmful to the environment. Please dispose of any discharged batteries with due consideration and in accordance with local environmental/electronic recycling guidelines.

SERVICING

These units are not user serviceable. Never attempt to repair, disassemble or reconstruct the unit if there seems to be a problem. A serious electric shock could result if this precautionary measure is ignored. In the event of a problem or failure, please contact your dealer.

SUPPLIER'S DECLARATION OF CONFORMITY (SDOC)

Equipment: Compact Disc Transport Model: CXC Trademark: Cambridge Audio This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The responsible party is: Cambridge Audio Ltd, 1201 North Lincoln Rd, Chicago, IL 60618

The responsible party is: Cambridge Audio Ltd, 1201 North Lincoln Rd, Chicago, IL 60618

Legal Representative Name: Kiel Nowakowski

FEDERAL COMMUNICATIONS COMMISSION NOTICE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, absorbs and radiates radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment causes interference to radio reception, the user is encouraged to take the following steps: 1. Reorient or relocate the receiving antenna. 2. Increase the distance between the equipment and the receiver. 3. Connect the equipment to an outlet on a circuit different from that to which the receiver is connected. 4. Consult the dealer or an experienced radio/television technician for help.

FCC Caution: Any changes or modifications not approved by the party responsible for compliance could void the user's authority to operate this equipment.

MODIFICATIONS

The FCC requires the user to be notified that any changes or modifications to this device that are not expressly approved by Cambridge Audio, may void the user's authority to operate this equipment.

WICHTIGE SICHERHEITSHINWEISE

Bitte lesen Sie zu Ihrer eigenen Sicherheit sorgfältig die folgenden Anweisungen, bevor Sie versuchen, das Gerät an Stromnetz anzuschließen. Die Befolgung dieser Hinweise sorgt für den bestmöglichen Gebrauch und eine verlängerte Lebensdauer des Gerätes:

- Lesen Sie diese Anleitung.
- Behalten Sie die Anleitung gut zuhause.
- Deinstallieren Sie sämtliche Warnhinweise.
4. Betreiben Sie alle Antriebspannungen.
5. Betreiben Sie das Gerät fern der Nähe von Wasser.
6. Stellen Sie den Luftstrom nicht ab.
7. Deinstallieren Sie das Gehäuse nicht ab. Installieren Sie das Gerät gemäß der Herstelleranleitung.
8. Schützen Sie das Gerät fern von Heizquellen wie Heizkörpern, Öfen oder anderen Wärme produzierenden Geräten (z.B. Lampen).
9. Stellen Sie niemals den Schutzkontakt des Netznetzes außer Kraft, da dies zu einer Schmelze und der des Gerätes führt. Wenn der richtige Netzstecker nicht in Ihre Steckdose passt, rufen Ihre Elektriker beim Austausch des Gerätes (z.B. ein neues Netzstecker) an.
10. Verwenden Sie ausschließlich die vom Hersteller empfohlenen Adapter- oder Zubehörges. Wenn ein vom Hersteller empfohlenes Zubehör verwendet wird, muss dies mit dem Hersteller genehmigt sein.
11. Verwenden Sie keine Drahtverbinder (z.B. Steckdosen, Stecker, Klemmen oder Adapter) an einem gleichzeitigen Typ. Die Verwendung von nicht zugelassenen Verbindungen, kann zu Überhitzung oder Verkürzung führen.
12. Trennen Sie das Gerät bei Wetter oder während einer Nichtbenutzung vom Netz.
13. Lassen Sie alle Wartungsarbeiten ausschließlich qualifizierten Wartungspersonal durchführen. Insbesondere, wenn das Gerät auf irgendeine Weise beschädigt ist, beispielsweise Netzstecker oder Netzstecker defekt sind. Flüssigkeit in das Gehäuse gelangt oder wenn die Gehäuse oder Gehäuse offen ist, muss das Gerät abgebrochen sein.
14. Versuchen Sie nicht, das Gehäuse des Gerätes zu öffnen oder die Feuchtigkeitsgehalt des Gerätes zu erhöhen, nicht normale Funktionen oder Fähigkeiten.

WARNING:

- Read these instructions.
- Keep these instructions.
- Disassemble the warnings.
4. Operate with all drive voltages.
5. Operate the unit away from water.
6. Do not remove the cover.
7. Do not remove the cover.
8. Do not use the unit while the power cord is plugged into the power outlet.
9. Do not use the unit while the power cord is plugged into the power outlet.
10. Do not use the unit while the power cord is plugged into the power outlet.
11. Do not use the unit while the power cord is plugged into the power outlet.
12. Do not use the unit while the power cord is plugged into the power outlet.
13. Do not use the unit while the power cord is plugged into the power outlet.
14. Do not use the unit while the power cord is plugged into the power outlet.

Do not use the unit while the power cord is plugged into the power outlet. Do not use the unit while the power cord is plugged into the power outlet. Do not use the unit while the power cord is plugged into the power outlet.
